

Importing Badger Press PDF Export Preset into InDesign

Before proceeding with these instructions, make sure you have downloaded Badger's PDF Export Preset. The settings can be downloaded from www.badgerprinting.com

Step 1: Select **Adobe PDF Presets > Define...** from the File Menu.

Step 2: Press the **Load...** button in the Adobe PDF Presets window.

Step 3: Locate Badger's PDF Settings which you previously downloaded from our website, then press **Open** to import the settings.

Step 4: Press **Done**.
