

# Importing Badger Press PDF Output Style into Quark

Before proceeding with these instructions, make sure you have downloaded Badger's PDF Output style. The settings can be downloaded from [www.badgerprinting.com](http://www.badgerprinting.com)

Step 1: Select **Output Styles...** from the Edit Menu.

Step 2: Press the **Import...** button in the Output Styles window.

Step 3: Locate Badger's PDF Settings which you previously downloaded from our website, then press **Open** to import the settings.

Step 4: **Save**
